DE: Seepferdchen

EN: sea horse

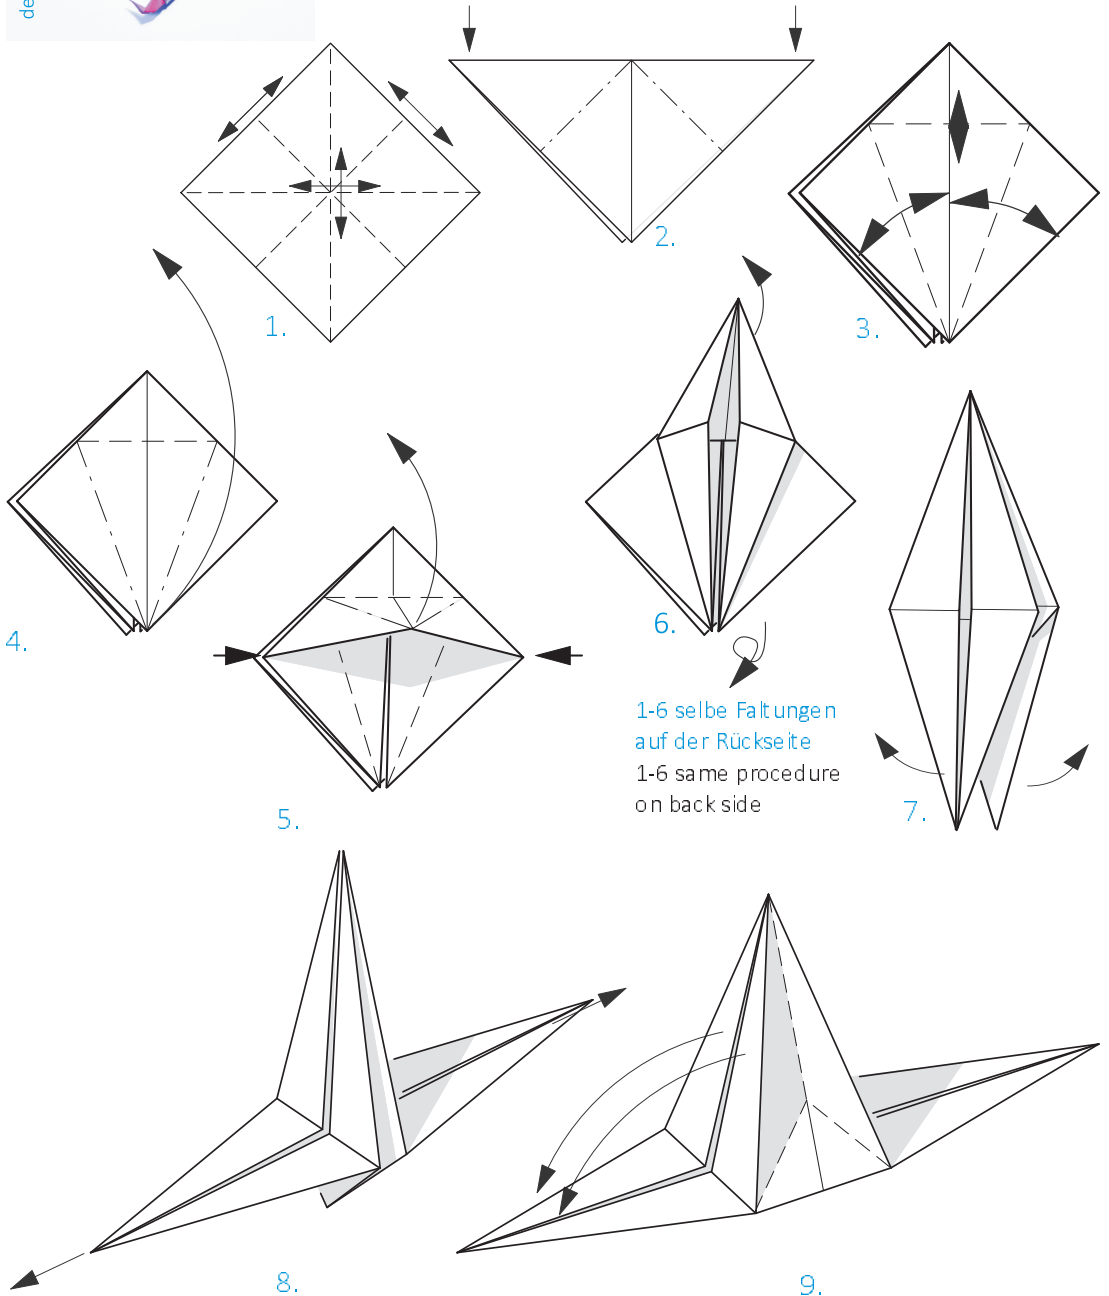

LAT: Hippocampus

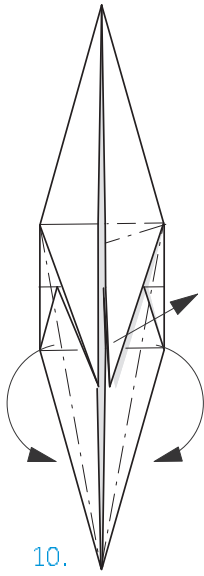

Die Seepferdchen (wissenschaftlich seit den 1570er Jahren Hippocampi, Singular Hippocampus, lat. für Pferderaupe, nach dem mythologischen Meeresungeheuer Hippokamp) gehören zu den Fischen.

Quelle <http://de.wikipedia.org>

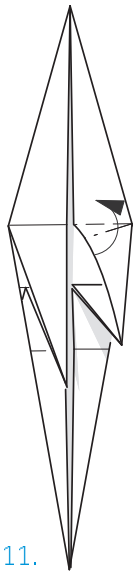

Seahorse is the title given to 54 species of marine fish in the genus Hippocampus. "Hippocampus" comes from the Ancient Greek hippos meaning "horse" and kampos meaning "sea monster".
